

# East Bay Networking Event

The Emerging Insurance Professionals was founded by a group of individuals with a mission to bring others like themselves into a social environment to network and create new bonds. Over the last four years we have successfully hosted a number of networking events in San Francisco and are now growing into the East Bay.

Join us at our first East Bay networking event in Walnut Creek on Thursday, February 17 at the Pyramid Alehouse, beginning at 5pm. Complimentary appetizers and good company provided. We encourage you to bring your colleagues and industry friends.
